

City of Sammamish

Issaquah-Fall City Road Improvement Project

Phase I: 242nd Avenue SE to Klahanie Drive SE

Pre-Construction Open House

Wednesday, July 31, 2019, 6 – 8 p.m.
Pacific Cascade Middle School

Meeting Agenda

6 p.m. – Welcome and sign-in

6:15 p.m. – Presentation

- Project overview
- Construction plan and schedule
- Brief Q & A

6:40 p.m. – Open house

- Learn more about upcoming construction
- Ask questions and talk directly with project staff

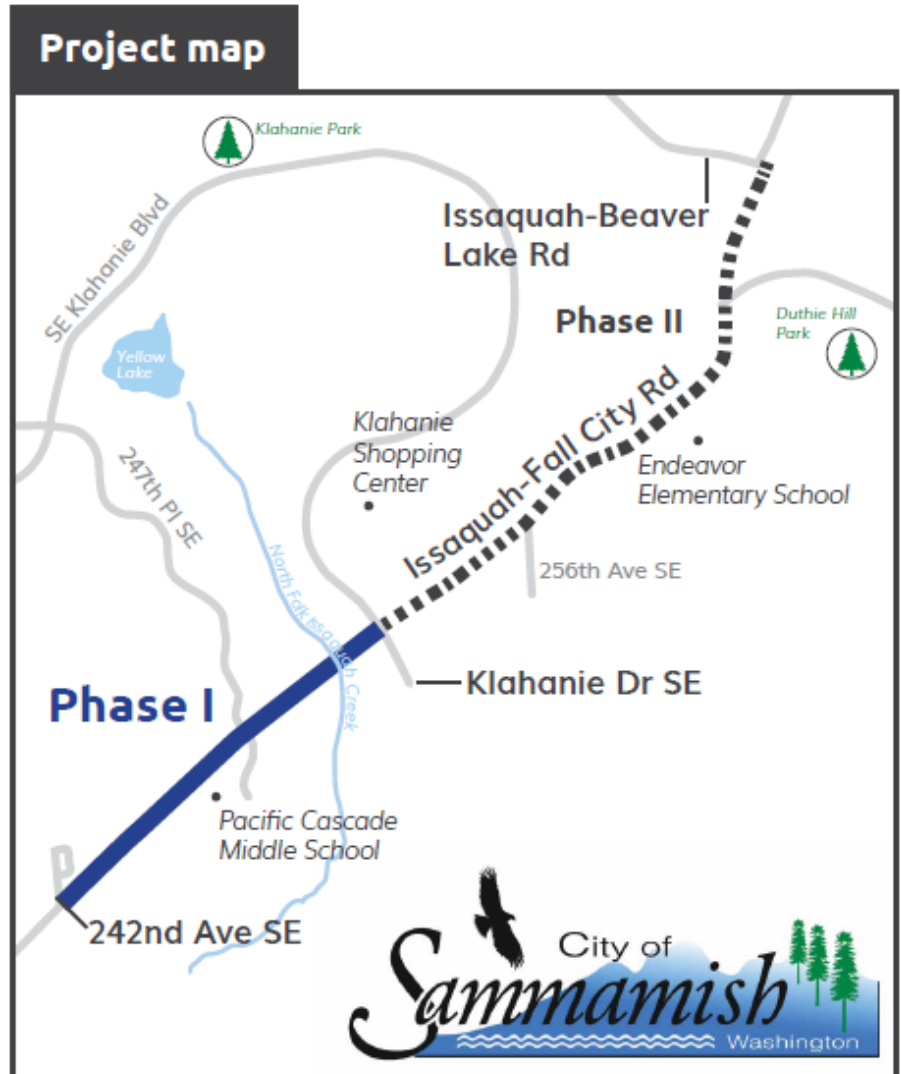

8 p.m. – Event ends

Project Overview

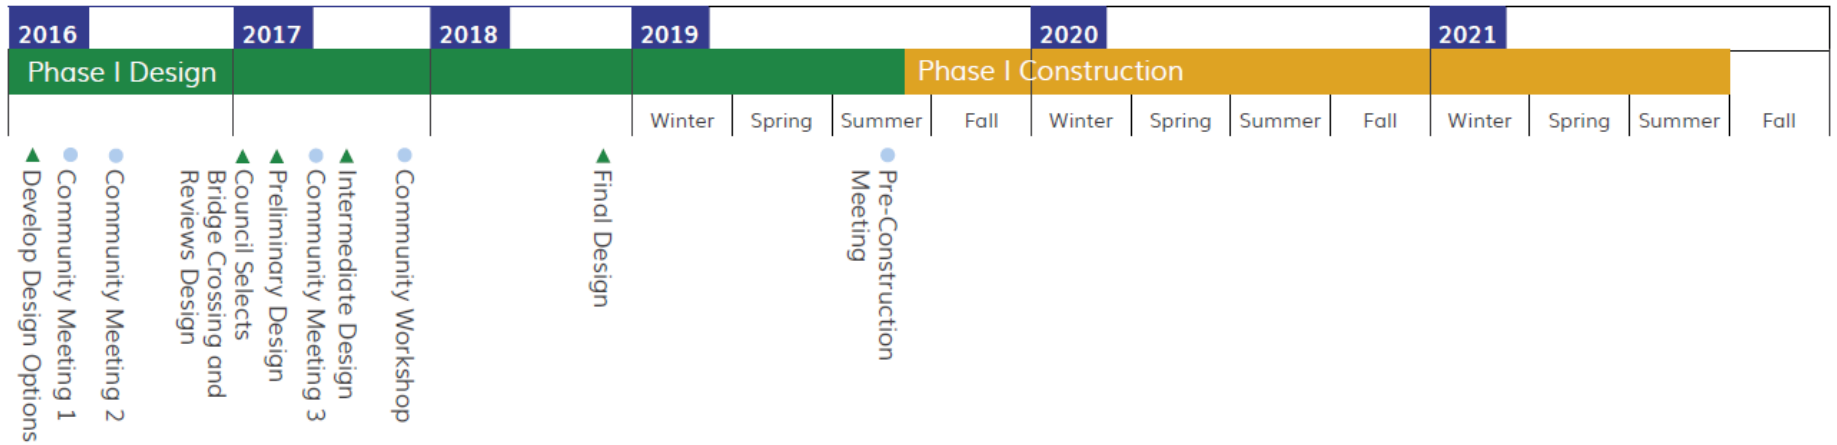

Phase I: 242nd Avenue SE to Klahanie Drive SE

- Improve safety
- Improve operations at intersections
- Increase capacity with additional travel lanes
- Protect environmentally sensitive areas

Project Schedule

July 31, 2019

Roadway Design

July 31, 2019

Working With the Community

- Community meetings and workshop
- Conversations with residents, businesses and organizations
- Transportation Committee and City Council briefings
- Neighborhood events
- Comments online, email, and phone

July 31, 2019

Phase 1 Construction

- Construction starts this August
- Anticipated to last for approximately two years

What to Expect During Construction

- **Traffic impacts**

- Roadway to remain open, except for the 8-month closure during bridge construction
- 8-month roadway closure between 247th Pl SE and Klahanie Dr SE during bridge construction
- Traffic control/flaggers present as well as increased travel time

- **Typical work schedule**

- Monday-Friday, 9:30 a.m.-3:30 p.m.
- During road closure Monday-Friday, 7 a.m.-8 p.m.
- Optional Saturday work 9 a.m.-6 p.m.

- **Temporary construction impacts**

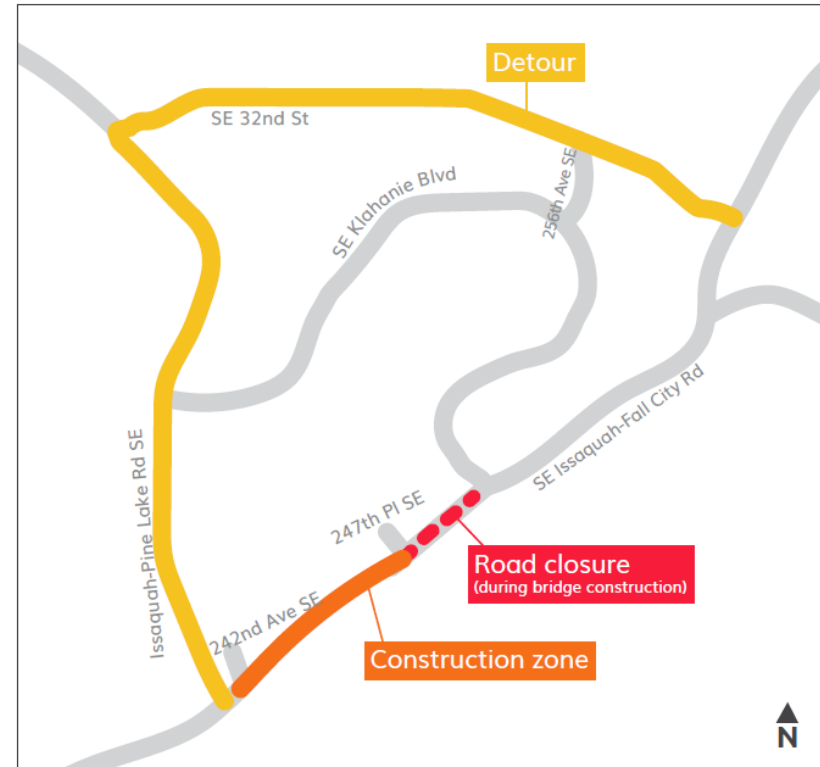

- Noise, dust, and vibrations
- Truck and equipment traffic

Detour During Bridge Construction

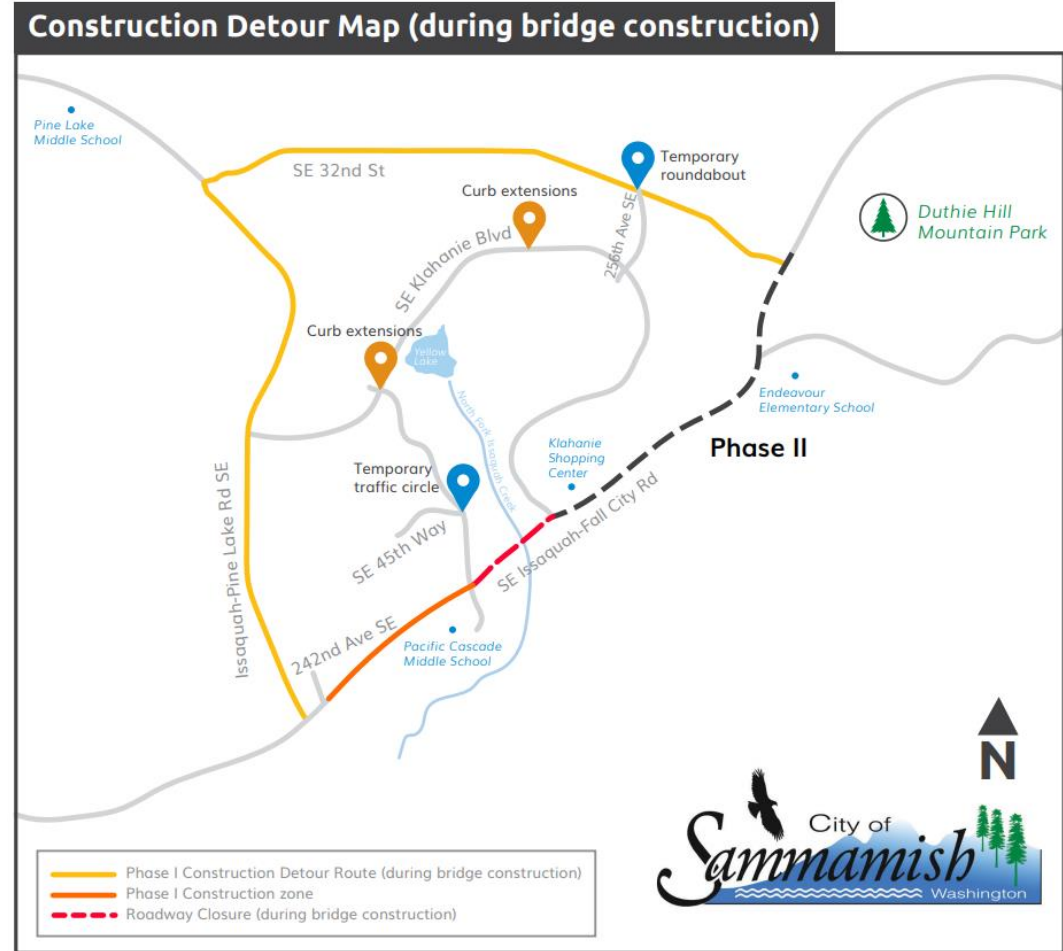

- The official detour route is Issaquah-Pine Lake Rd SE and SE 32nd St/SE Issaquah-Beaver Lake Rd
- Klahanie Dr SE will remain accessible from the west, east, and north
- Project haul routes will be in place
- Continuous traffic monitoring throughout the area during construction

Managing Construction Impacts

- Traffic management tools will include:
 - **Temporary roundabout** at the intersection of 256th Ave SE and SE Issaquah-Beaver Lake Rd
 - **Temporary traffic circle** at the intersection of 247th PI SE and SE 45th Way
 - **Extending the curb** at the SE Klahanie Blvd and 244th PI SE intersection and the SE Klahanie Blvd and Klahanie Park

How to Stay Informed During Construction

- **Project website:**
www.sammamish.us/government/departments/public-works/current-projects/issaquah-fall-city-road
- **Project email updates**
- **Variable message signs**
- **Briefings** with community organizations and stakeholders
- **Contact Sam Park**, Project Manager
 - spark@sammamish.us
 - 425-295-0538

Questions?

July 31, 2019

Thank You

Please join us at the following stations to learn more about the project and upcoming construction:

- Station 1:** Project Overview and Schedule
- Station 2:** Construction Overview
- Station 3:** Detour Route
- Station 4:** Construction Impacts and Management Strategies
- Station 5:** Staying Informed During Construction
