

Sahalee Way Improvement Project

Tell us what you think! We welcome your input on the Sahalee Way Improvement Project. Please respond to the questions in the space provided and then leave in the comment box at the open house or mail to the address listed on the other side of this form.

Rank the following project goals in order of importance (1 – Most Important)

- 1 Congestion Relief
- 3 2 Pedestrian and Bicycle Safety
- 5 4 Aesthetics
- 4 3 Minimize Cost
- 2 Other Transit Center / Park & Ride

Would you describe yourself as primarily:

- A property owner in the project area
- A commuter who uses Sahalee Way
- An interested citizen
- A cyclist
- A pedestrian

Pedestrians Use:

I walk along Sahalee Way:

- Never
- Seldom
- Weekly
- Daily

Most often, I walk between these two streets/neighborhoods:

NE 19th - NE 25th

Traffic Congestion:

Where do you most experience congestion or delays currently? (Check all that apply)

- In the morning commute
- In the evening commute
- At the intersection of NE 25th Way
- At the intersection of NE 28th Way
- At the intersection of NE 37th Way
- At SR 202 (Redmond-Fall City Rd)
- Other _____

I most often cross Sahalee Way at:

NE 25th NE 8th

I would like to see sidewalks on:

- One side of the street w/ more car lanes
- Both sides of the street

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

We need to maximize traffic flow from NE 8th all the way to 202. Develop alternate routes off Plateau (Inglewood Hill & 244th). We need more MS-Connector service & a Metro Park & Ride to serve the North Plateau.

- At SR 202 (Redmond-Fall City Rd)
- Other _____

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

Sidewalks and bike lanes have been long overdue but the road also needs to be widened all the way to the 202. With all construction taking place it would be short sighted not to widen it to allow for increased volume.

With all the added apartments, etc planned for the Town Center you will be adding thousands of cars trying to get on & off the plateau. Your current plan ignores that problem.

Jed Ireland, Project Manager
City of Sammamish
801 - 228th Avenue SE
Sammamish, WA 98075

We need to be proactive on planning for all this added traffic on 228th & Sahalee Way. The priority needs to be congestion of automobiles.

Also - you need to have a big campaign to educate residents about alternative routes - eg # 244th may work well for some - needs consider other alt routes & spend \$ improving

- Both sides of the street
- SEEMS NOT NECESSARY.

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

\$15M seems like a waste of \$ creating something we currently have already. (Same capacity as now). I can see adding a controlled intersection at NE 28th and crosswalks. Seems there are other places the money can be better spent.

Let's do it right the 1st TIME - Traffic flow is Primary function of Road. We need 2 LANES in each direction to accommodate the amount of traffic. Everything else is "FLUFF." The proposal is not even a Bandaid on the Problem!

[REDACTED] Comments (Continued)

There is very seldom that you see people walking or Biking Along this section of the Road. There is no place to walk to! There is no Retail along this stretch for people to walk to.

I would rather see the City spend \$20-40 million on this stretch and Do it Right to meet the needs today & for the additional growth the City will need to meet in the next 5-10 years

The primary function is to increase the flow of traffic into & out of the City. It Does not appear that the plan as presented will do this.

Sahalee Way Improvement Project

Tell us what you think! We welcome your input on the Sahalee Way Improvement Project. Please respond to the questions in the space provided and then leave in the comment box at the open house or mail to the address listed on the other side of this form.

Rank the following project goals in order of importance (1 – Most Important)

- 1 Congestion Relief
- Pedestrian and Bicycle Safety
- Aesthetics
- 3 Minimize Cost
- 2 Other maintain trees at the sides, no ugly walls

Would you describe yourself as primarily:

- A property owner in the project area
- A commuter who uses Sahalee Way
- An interested citizen
- A cyclist
- A pedestrian

Pedestrians Use:

I walk along Sahalee Way:

- Never
- Seldom
- Weekly
- Daily

Traffic Congestion:

Where do you most experience congestion or delays currently? (Check all that apply)

- In the morning commute
- In the evening commute
- At the intersection of NE 25th Way
- At the intersection of NE 28th Way
- At the intersection of NE 37th Way
- At SR 202 (Redmond-Fall City Rd)
- Other _____

Most often, I walk between these two streets/neighborhoods:

never walk between 25th and 37th

I most often cross Sahalee Way at:

228th, from H. Hills to bus station

I would like to see sidewalks on:

- One side of the street
- Both sides of the street

Environmental Analysis - Do you have comments and/or questions?

concerned about expanding too much the road into landslide area & tree cut / obstruct views with retention walls.

Do you have any additional comments or questions? (Attach additional pages, as needed.)

→ there should be a marked pedestrian walk @ 28th

→ there should be a 'merge with traffic lane' when going from @ 28th into 228th / Sahalee going north.

- Other trying to enter Sahalee Way from NE 36th St.

both North and South

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

I experience significant delays (day in, day out) leaving my house to go anywhere due to levels of traffic along Sahalee Way. Really surprised no light is planned at this intersection. (Note: NO ROAD CONNECTION between NE 37th + NE 36th. So ~~it's~~ it's not a matter of simply driving there to leave neighborhood via a protected light. There's no other feasible way out.)

Note also - no safe way to cross Sahalee along street or the busstop currently. A crossing is needed.

Sahalee Way Improvement Project

Tell us what you think! We welcome your input on the Sahalee Way Improvement Project. Please respond to the questions in the space provided and then leave in the comment box at the open house or mail to the address listed on the other side of this form.

Rank the following project goals in order of importance (1 – Most Important)

- 1 Congestion Relief
- 2 Pedestrian and Bicycle Safety
- 4 Aesthetics
- 3 Minimize Cost
- ___ Other _____

Would you describe yourself as primarily:

- A property owner in the project area
- A commuter who uses Sahalee Way
- An interested citizen
- A cyclist
- A pedestrian

Pedestrians Use:

I walk along Sahalee Way:

- Never
- ___ Seldom
- ___ Weekly
- ___ Daily

Most often, I walk between these two streets/neighborhoods:

I most often cross Sahalee Way at:

25th Way

I would like to see sidewalks on:

- ___ One side of the street
- ___ Both sides of the street

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

Disappointed with open house. Not sure of how to comment, find people to talk to. I expected some sort of presentation/talk/discussion

Pedestrians Use:

I walk along Sahalee Way:

- Never - *too dangerous!*
- Seldom
- Weekly
- Very frequently (Daily)

Most often, I walk between these two streets/neighborhoods:

Timberline + Sahalee

I most often cross Sahalee Way at:

NE 36th St.

I would like to see sidewalks on:

- One side of the street
- Both sides of the street

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

We live just outside the Sahalee main gate with our two young boys - we LOVE NE Sammamish Park and visit it often. I'd love to be able to take my boys on walks or bike rides beyond our immediate neighborhood, but feel it's too dangerous to cross to Evans Creek or even ride with them down the block to Timberline. Please consider adding crosswalks and/or a light at our intersection! (NE 36th St. & Sahalee Way)

- 3 Minimize Cost
- Other _____

Would you describe yourself as primarily:

- A property owner in the project area
- A commuter who uses Sahalee Way
- An interested citizen
- A cyclist
- A pedestrian

Pedestrians Use:

I walk along Sahalee Way:

- Never
- Seldom
- x Weekly
- Very frequently (Daily)

Most often, I walk between these two streets/neighborhoods:

NE 36th St. and NE 37th St.

Traffic Congestion:

Where do you most experience congestion or delays currently? (Check all that apply)

- x In the morning commute
- x In the evening commute
- At the intersection of NE 25th Way
- At the intersection of NE 28th Way
- x At the intersection of NE 37th Way
- x At SR 202 (Redmond-FallCity Rd)
- x Other at intersection of NE 36th St.

I most often cross Sahalee Way at:

NE 36th St.

I would like to see sidewalks on:

- One side of the street
- x Both sides of the street

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

We really need a light and crosswalk at the intersection with NE 36th street! It is next to impossible to turn right or left out of NE 36th St. onto Sahalee. Also, now that Evans Creek Preserve has a parking lot across the street, we desperately need a crosswalk at NE 36th St. and a better/deeper turnout for the mailbox to improve what has become a very dangerous area for pedestrians. Additionally, a sidewalk between NE 36th St. and NE 37th St. would be ideal for pedestrian safety, access to Evans Creek and to the bus stop at NE 37th!

Sahalee Way Improvement Project

*NO SIDES UNTIL THE ROAD IS WIDENED
HAVING MORE PEDESTRIANS ON AN ALREADY
OVERCROWED ROAD WILL MAKE IT MORE UNSAFE.*

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

I AM SHOCKED THAT MAKING THE ROAD LOOK GOOD IS MORE IMPORTANT THAN TRAFFIC & SAFETY. I FEEL THAT ADDING SIDEWALKS WILL ONLY CREATE A LARGER HAZARD & WON'T SOLVE A HUGE ISSUE OF CONGESTION IN A CITY THAT IS GROWING EXPONENTIALLY I WOULD NEVER CHOOSE TO SPEND MY TAX DOLLARS ON THIS REDICULOUS PROJECT OTHER THAN TO MAKE THE ROADWAY WIDER.

Environmental Analysis - Do you have comments and/or questions?

Do you have any additional comments or questions? (Attach additional pages, as needed.)

ADDING TRAFFIC CAPACITY ON THE PLATEAU DOES NOT ADDRESS THE GROWING ISSUE WITH CONGESTION WHEN GETTING OFF THE PLATEAU.

MUST APPROACH THIS FROM A LONG TERM VIEWPOINT FOCUSING ON SUSTAINABLE TRAFFIC MANAGEMENT

Sahalee Way Improvement Project

Tell us what you think! We welcome your input on the Sahalee Way Improvement Project. Please respond to the questions in the space provided and then leave in the comment box at the open house or mail to the address listed on the other side of this form.

Rank the following project goals in order of importance (1 – Most Important)

- Congestion Relief
- Pedestrian and Bicycle Safety
- Aesthetics
- Minimize Cost
- Other SAFETY OF ALL USERS

Would you describe yourself as primarily:

- A property owner in the project area
- A commuter who uses Sahalee Way
- An interested citizen
- A cyclist
- A pedestrian

Pedestrians Use:

I walk along Sahalee Way:

- Never
- Seldom
- Weekly
- Daily

Most often, I walk between these two streets/neighborhoods:

TIMBERLINE / SAHALEE

Traffic Congestion:

Where do you most experience congestion or delays currently? (Check all that apply)

- In the morning commute
- In the evening commute
- At the intersection of NE 25th Way
- At the intersection of NE 28th Way
- At the intersection of NE 37th Way
- At SR 202 (Redmond-Fall City Rd)
- Other _____

I most often cross Sahalee Way at:

INGUEWOOD HILL RD

I would like to see sidewalks on:

- One side of the street
- Both sides of the street

P.S. OPEN THE BARRIED ON THE BACK SIDE OF TIMBERLINE !!

Environmental Analysis - Do you have comments and/or questions?

4. LEFT TURN FROM NORTH BOUND SAHALEE WAY ONTO NE 37TH WAY @ TIMBERLINE IS TOO NARROW - ADDRESS WITH NEW DESIGN.

Do you have any additional comments or questions? (Attach additional pages, as needed.)

1. MAINTAIN TRAVEL / BIKE LANES FULL WIDTH - INCLUDING MINIMIZING LANDSCAPING THAT GROWS INTO TRAVEL LANES.
2. NOT PART OF PROJECT, BUT NEED IMPROVED SAFETY FOR CROSSWALKS AT HIGH SCHOOLS & PINE LAKE MIDDLE SCHOOL.

3. DESIGN MUST ACCOMODATE METRO BUS TRAFFIC DURING COMMUTE - SAFE PASSING.
