Subject: ELST Segment 2B construction

Good afternoon, and Happy New Year :-)

I received notice of the project on the trail Segment 2B. First let me say that I really appreciate the work you're doing. I use the trail regularly and support its development, so thank you for giving us all the recreational space. We live in a beautiful city and teams like yours make this possible.

Proactively, I'd like to voice my concern about where you'll be storing equipment during construction.

Currently there is a drainage project in progress on Inglewood Hill Road. The project has been storing large equipment right next to my house, which is an eye sore I am quite weary of. I use my porch frequently on nice days, and for the last 9 months or so I've been staring at large drainage pipes.

My residence is 1301 206th Ave NE. Please let me know if there are any plans on using that segment on Inglewood Hill Road for equipment storage, and if so, I'd like to ask that you reconsider to give me and also my neighbors a break.

Thank you for your consideration.

Sincerely,
Christina Hesse
